CLINICAL EXPERIENCE

05/2020 - Present Forensic Psychologist, Park Dietz & Associates, Inc., Newport Beach, CA.

08/2016 - Present M.L. Reardon, LLC
Independent Practice

8374 Six Forks Road, Suite 201, Raleigh, North Carolina 27615

Mail To: 13200 Strickland Road, Suite 114-331, Raleigh, North Carolina 27613

08/2016 – 10/2017 Part-Time Contract, Harbin & Associates, Fayetteville, North Carolina 28305

Comprehensive psychological evaluation services, with specialized experience in forensic assessment of adults and juveniles (e.g., criminal competencies, mental state defenses, sentencing/mitigation/transfer, risk of violence/sex offense recidivism, disability, guardianship, personal injury, parental stability). Evidence-based psychotherapy of older adolescents and adults, specializing in the treatment of personality disorders, mood disorders, anxiety disorders, posttraumatic stress disorders, and comorbid substance use disorders.

**12/2013 – 08/2016 Deputy Chief Psychologist
Federal Correctional Complex**

Old NC Hwy 75, Butner, North Carolina 27509

Management of multiple functions within the Psychology Services Department, including administrative oversight of up to twelve doctoral-level forensic psychologists and one psychology technician, as well as supervision of: (1) court-ordered forensic evaluation services of federal pre-trial detainees; (2) the development of a therapeutic treatment program and provision of services for over 100 civilly committed forensic patients; (3) behavioral health services for medically compromised inmates; (4) intake screenings, crisis management, and psychotherapy services for sentenced inmates; and, (5) suicide prevention programs. Other responsibilities involved collaboration with correctional services, medical, and nursing staff to manage mental health restricted housing units; participation in monthly Department Head and Leadership meetings; and, serving as Acting Complex Chief Psychologist and Institution Duty Officer. Also developed an online Operations Reference Manual for psychology staff, including hyperlinks to routine policies and procedures, standard forms, legal statutes, and reference documents. Co-developed FCC Butner Complex Supplements for Suicide Prevention as well as Seclusion and Restraints, which included negotiation with three Local Unions. Served as Reviewer in Charge (RIC) for Psychology Services Operational Review for complex of five correctional institutions in 2015. Provided supervision and seminar trainings for pre-doctoral psychology interns as well as annual and semi-annual refresher staff training on topics of suicide prevention, EAP, and PREA/sexual abuse prevention. Other training initiatives have included coordination of APA continuing education workshops for psychologists across the complex and in the local community on forensic topics, as well as regular “lunch and learn” multi-disciplinary forensic case conferences

12/2006 – 12/2013 Forensic Psychologist

Federal Correctional Complex, Federal Medical Center

Old NC Hwy 75, Butner, North Carolina, 27509

Primary Duties were to perform comprehensive forensic evaluations of pre-trial/pre-sentenced detainees and civilly committed psychiatric inpatients on issues of competency, responsibility, and violence risk, as well as to provide expert testimony when needed. Collateral responsibilities included: psychological assessment and treatment of pre-trial, pre-sentenced, and sentenced inmates; intake mental health assessment of sentenced inmates; supervision and seminar trainings for pre-doctoral psychology interns; annual and semi-annual refresher staff training on topics of suicide prevention, EAP, PREA/sexual abuse prevention, and communication skills; planning and implementation of quarterly mock suicide drills; Crisis Support Team; member of BUX Institution Review Board; as well as training, implementation, and monitoring of an inmate suicide watch program. Other notable projects included the development of a treatment planning system, an institutional violence alert form for custodial staff, an on-line suicide prevention training program, and the coordination of multidisciplinary continuing education training on the DSM-5.

12/2005 – 12/2006 Contract Psychologist**North Carolina Department of Public Safety**

North Carolina Correctional Institution for Women (NCCIW) / Raleigh

Correctional Center for Women (RCCW)

1034 Bragg Street, Raleigh, North Carolina 27610

Conducted individual and group psychotherapy for incarcerated females (est. 90% time) at two correctional institutions as well as brief mental health assessments to determine need for psychiatry services (est. 5% time). In addition to treatment selection and implementation, duties involve the administrative management of an active caseload of approximately 50 inmates across the two institutions. As the only mental health provider at RCCW, additional responsibilities included identifying new transfers in need of services and monitoring for treatment compliance.

11/2005 – 12/2006 Forensic Psychologist**Dorothea Dix Hospital, Raleigh, North Carolina**

(Currently Central Regional Hospital, Butner, North Carolina)

Conducted outpatient and inpatient forensic evaluations of adult and juvenile defendants addressing issues of capacity, mental state, and eligibility for civil commitment. Other clinical responsibilities included co-facilitation and co-development of psychoeducational group interventions, individual competency restoration training, and supervision of forensic evaluations conducted by a pre-doctoral psychology intern. Administrative tasks included assistance with pre-doctoral internship selection, utilization review committee, and attendance in monthly psychology management meetings.

SUPERVISED CLINICAL EXPERIENCE**09/2004 – 08/2005 Post-Doctoral Fellow in Forensic Psychology****Dorothea Dix Hospital, Raleigh, NC**

Supervisor: Mark Hazelrigg, Ph.D., ABPP

Duties involved psychological assessments (est. 10% time) and comprehensive forensic evaluations of adult and juvenile defendants (est. 80% time). Additional responsibilities included individual competency restoration training as well as supervision of forensic evaluations conducted by a pre-doctoral psychology intern. Specialized training in relevant psycho-legal issues and expert testimony was also involved.

09/2003 - 08/2004 Clinical Psychology Intern (APA Accredited)

Department of Psychiatry, University of North Carolina (UNC), Chapel Hill, NC Federal Correctional Complex, Butner, NC

Major Rotation

09/2003-08/2004 *Federal Medical Center, Forensic Evaluation Services (20hrs/wk)*

Supervisor: Edward "Rhett" Landis, Ph.D., ABPP

Primary duties were to perform comprehensive forensic evaluations of pre-trial and pre-sentenced federal detainees. Case findings were presented to a multidisciplinary team and summarized in reports submitted to United States federal courts (est. 80% time). Additional responsibilities included preparation of behavior plan reports, participation in risk assessment panels, and psychological testing. Specialized training in relevant psycho-legal issues and expert testimony was also involved.

Minor Rotations

09/2003-08/2004 *UNC Center for Development and Learning, Forensic Consultation and Research (2-4hrs/wk)*

Supervisor: J. Gregory Olley, Ph.D.

Clinical duties involved review of archival, collateral, and clinical data collected from inmates appealing a death penalty conviction under *Atkins*.

UNC Hospitals, Crisis Emergency Services (8hrs/wk)

09/2003-12/2003 Supervisor: Julie McIntyre, LCSW

As part of a multidisciplinary team, duties included intake assessment, crisis intervention, and disposition planning for persons presenting for evaluation at the hospital emergency room or walk-in clinic, as well as responding to telephone calls concerning psychiatric emergencies.

Dorothea Dix Hospital, Forensic Treatment Program (8-10hrs/wk)

01/2004-04/2004 Supervisor: David Hattem, Ph.D.

Primary responsibilities involved psychodiagnostic assessments of pretrial inpatients to assist in forensic evaluation (est. 90% time) and reevaluations of competency for inpatients committed as incompetent to proceed. Experience also included weekly attendance at multidisciplinary forensic case conferences.

UNC Hospitals, Family Therapy Team (4hrs/wk)

05/2004-08/2004 Supervisor: Elisabeth Scott, LCSW

As part of a multidisciplinary outpatient treatment team duties involved observation co-counseling a family clients.

UNC Hospitals, Forensic Psychiatry Service (8-10hrs/wk)

Supervisor: Helen Brantley, Ph.D.

As part of the multidisciplinary team, conducted interviews and administered psychological testing to adults as part of court ordered parental custody/competency evaluations and assisted in preparation of evaluation report submitted to the court.

UNC Hospitals, Heart and Lung Transplant Team (4hrs/week)

Supervisor: Eileen Burkner, Ph.D.

Duties involved inpatient and outpatient evaluations of transplant candidates as well as follow-up counseling of post-op patients.

UNC Hospitals, Eating Disorders Inpatient Unit (4hrs/wk)

Supervisor: Maureen Dymek, Ph.D.

Duties involved individual therapy services for the inpatient and day treatment eating disorder programs as well as a co-leading an evidenced-based cognitive behavioral therapy group on the inpatient unit.

08/2000 – 06/2003 Florida State University Crisis Management Unit, Tallahassee, FL

Supervisor: Joyce Carbonell, Ph.D.

Collaborated with FSU Police Department on an as-needed basis to intervene in psychiatric emergencies, specifically, crisis-screening and intervention, referral to community agencies, and/or transportation to inpatient facility for stabilization

08/2001 – 12/2002 Southwestern State Hospital, Thomasville, GA

Supervisor: G. Leonard Bailey

Primary responsibilities involved evaluations of competency, criminal responsibility, and/or sentencing evaluations of county jail detainees (est. 80% time) and re-evaluations of inpatients adjudicated incompetent to stand trial (est. 10% of time). Case findings were summarized in reports to the Georgia superior/state courts. Other clinical duties included acute care inpatient counseling and psychological assessments. (20hrs, weekly)

08/2000 – 08/2001 Assistant Director / Senior Therapist

Florida State University Psychology Clinic, Tallahassee, FL

Supervisor: Thomas Joiner, Ph.D.

Primary responsibilities involved the administrative management of this university-based outpatient clinic, as well as providing procedural and clinical assistance to up to seventeen junior therapists in training. Tasks included maintenance of a log of outpatients and applicants to clinic, case assignment and/or referral to community agencies, serving as liaison between therapists, director, and community agencies, as well as performance and supervision of intake screening interviews. Duties also involved preparation for weekly staffing meetings, which entailed presentation and discussion of relevant clinical or procedural material and/or arranging for professional speakers. Self-initiated undertakings included the development and maintenance of a client database for use in department research projects, a computerized client tracking system, and a procedures manual for the duties of the assistant director. (20hrs, weekly)

08/1998 – 08/2001 Florida State University Psychology Clinic, Tallahassee, FL

Supervisors: Thomas Joiner, Ph.D. (98-99), Donald Kerr, Ph.D., (99-00), Natalie Sachs-Ericsson, Ph.D. (00-01), and Ellen Berler, Ph.D., (00-01)

Individual therapy (90% time) and psychological assessments (10% time) of will adults, adolescents, and children. Additional experiences included the co-development and co-leadership of a process focus group for persons with personality disorders or significant interpersonal deficits. (10-20hrs, weekly)

01/2000 – 08/2000 Easter Seals of Tallahassee, Tallahassee, FL

Supervisors: Ellen Berler, Ph.D., and Joyce Carbonell, Ph.D.

Duties involved comprehensive assessment, diagnosis, and development of occupational and treatment recommendations for adults with physical, emotional, or developmental disabilities seeking vocational retraining or Social Security benefits. (10hrs, weekly)

09/1999 – 08/2000 Florida State Hospital – Forensic Unit, Chattahoochee, FL

Supervisors: Ron Klein, Ph.D. and Leslie Dellenbarger, Psy.D.

Responsibilities included individual counseling, personality/intellectual assessment, and competency restoration for female forensic inpatients, as well as observation and performance of follow-up forensic evaluations of inpatients found incompetent to proceed to trial. Self-initiated projects included the development and implementation of a competency-restoration group for defendants with psychiatric disorders and intellectual disabilities, as well as an eight-week substance abuse program emphasizing psychoeducation and relapse prevention. (10hrs, weekly)

08/1998 – 08/1999 Florida State University Adult Learning Evaluation Center, Tallahassee, FL

Supervisor: Jack May, III, Ph.D.

Conducted assessments to rule out/in learning disorders in young adults, each involving administration and interpretation of a battery of intellectual, achievement, and cognitive measures, which were summarized in integrative reports with treatment recommendations. (10 hrs, weekly)

05/1996 – 05/1997 Liberty Behavioral Management, White Plains, NY

Supervisor: Jerry Stybursky, CSW, CAC, NCAC, CEAP

As an intake assessment coordinator, duties involve preliminary diagnostic screening and triage to a network of substance rehabilitation centers and psychiatric hospitals, as well as precertification of inpatient treatment with managed-care insurance providers. Self-initiated projects included the development of an intake policies and procedures manual. (40 hours weekly in summer, variable hours during academic year)

06/1994 – 05/1996 Arms Acres, Carmel, NY

Supervisor: Jerry Stybursky, CSW, CAC, NCAC, CEAP

As an admissions assistant, responsibilities involved the facilitation of inpatient admissions to the primary care detoxification unit of this substance rehabilitation center.

UNIVERSITY TEACHING EXPERIENCE

2017 – Present Adjunct Faculty

St. John's University, Post-Doctoral Forensic Certificate Program, Queens, NY

Bi-annual, focused training in criminal responsibility evaluations for doctoral level psychologists

2017 Adjunct Faculty

Chicago School of Professional Psychology

8-week on-line psychology ethics course for masters-level counseling psychology students.

01/2003 – 04/2003 Teaching Assistant

01/2000 – 05/2000 Florida State University, Psychology Department, Tallahassee, FL

This laboratory undergraduate course provided an introduction to concepts and methods of psychology experimentation by running simple studies, analyzing data, and interpreting results.

01/2003 – 04/2003 Teaching Assistant

Florida State University, Psychology Department, Tallahassee, FL

This graduate-level course provided an introduction to two, and practice with, the administration and interpretation of the Wechsler intelligence scales and the MMPI-2

SCHOLARLY / CLINICAL CONSULTATION EXPERIENCE

02/2020 – Present Behavioral Science Briefs for the Trial Advocate

Co-author of this quarterly compendium of the latest mental health research applicable to the practice of law. (Co-Author Daniel J. Neller, Ph.D.ABPP)

07/2019 – 12/2019 Wisconsin Department of Health Services, Mauston, Wisconsin

Served on a panel of experts tasked with reviewing assessment-related policies, processes, and procedures of the Sand Ridge Treatment Center - Sexually Violent Persons Program, in order to provide guidance and recommendations to ensure work products and policies adhere to statutory mandates, ethical standards and best practice guidelines

06/2000 – 11/2000 Florida Psychological Association, Tallahassee, FL

As a statistics/presentation consultant, completed data entry, basic statistical analysis, and executive summary of practice and income survey data collected from FPA members for conference presentation by Josh Gross, Psy.D.

06/2000 – 11/2000 Health South Rehabilitation Center, Tallahassee, FL

As a statistics/presentation consultant, analyzed data from traumatic brain injury patients in preparation for conference presentation by Polly Caskie, Ph.D.

RESEARCH LABORATORY EXPERIENCE

08/1997 – 08/2004 Alcohol Studies Laboratory, Florida State University

Major Professor: Alan R. Lang, Ph.D.

Dissertation: *Prediction of comorbid alcohol use disorders in schizophrenia using symptom components derived from the Positive and Negative Syndrome Scale*. Interview and archival data were collected from hospitalized psychiatric inpatients to investigate the mechanisms underlying the frequent comorbidity of schizophrenia and alcohol use disorders.

Master's Thesis: *The influence of extraversion on the role of operant learning in the augmentation of acute alcohol tolerance*. This experimental alcohol-challenge study was designed to investigate personality differences in acute behavioral alcohol tolerance.

Additional laboratory duties included weekly team discussions of journal manuscripts and NIH/NIAAA grant applications submitted for peer review, as well as to assist in the development of research projects for graduate student colleagues. Studies involved psychosocial aspects of alcohol use and their underlying brain processes.

09/1995 – 12/1996 Neuropsychopharmacology Laboratory

Honors Thesis: *Effects of thioridazine on lever pressing and tacrine-induced vacuous jaw movements: Clinical implications for the treatment of schizophrenia*. This research project utilized an animal model to evaluate the effects of thioridazine on extrapyramidal symptoms

Laboratory duties involved animal (rats) maintenance and observation of ongoing research.
